

Rome, 11-21 August 2022

PRESENTED BY

INFORMATION BULLETIN #1

MESSAGE FROM THE PRESIDENT OF THE ITALIAN SWIMMING FEDERATION

Dear Friends,

Since the beginning, the Italian Swimming Federation has expressed its pride for the prestigious awarding of the 36th edition of the European Aquatics Championships, that will be held from the 11th to 22nd of August at the Foro Italico in Rome and along the coast of Ostia Lido.

The promoted bid is inspired by multiple objectives: to boost the diffusion of aquatic sports on the national and European territory thanks to the extraordinary images that will be produced through the media diffusion of the event; to increase the culture of water, intended to increase the as knowledge of the techniques to prevent accidents and drowning during bathing; to demonstrate the importance of the legacy of facilities and infrastructures connected to sporting events for urban well-being and the development of the city; to make aquatic disciplines once again an element of attraction for the tourist trade.

Our hope is that the pandemic caused by Covid-19 will be less of an impact and that the European Aquatics Championships will not just be a sporting event, but will become two weeks of celebration and gathering of people, allowing the public to fully participate in all the activities offered by the City of Rome in the middle of summer, and therefore in a period mainly of holidays.

We are working to welcome in full safety approximately 1,500 athletes representing 52 countries; we estimate that about 800 media may arrive in Rome and that the event will involve 10.000 people, including over 500 volunteers, and 100.000 spectators in the stands to experience the emotions of 74 finals for 222 medals up for grabs. The estimated television coverage should be over 200,000,000 viewers.

This first information bulletin is meant as a small welcome vademecum with particular regard to accommodation. The proposed hotel accommodationsolutions have been selected on the basis of the highest quality of standards available in order to make your stay stressful and comfortable.

The Organising Committee has chosen 4-star hotels located within a range of 3-10 kilometres from the Foro Italico - where the Stadio del Nuoto (swimming and diving) and the "Nicola Pietrangeli" Tennis Centre (artistic swimming) are located - and near the Ostia Federal Centre (open water), which will be the reference area of the event.

Full board meal option will be provided: international breakfast, lunch and dinner will be served in the hotels' restaurants according to the sports programme schedule and with dedicated menus for all food needs. Single, double and triple rooms will be available.

The organising staff is available to discuss all your requests and needs.

We know that the objectives we have set are very challenging to achieve, but we are working hard and we are sure that, as in past events, Rome 2022 will be a memorable edition of the European Aquatics Championships.

Stay tuned.

Paolo Barelli

MESSAGE FROM THE PRESIDENT OF THE LOC

Dear friends,

We are at the peak of the organizational phase of the European Aquatics Championships, and we want to make it memorable. The event will come back to Italy this summer after the 1983's edition, together with the European Masters Championships.

Since then, the image and communication of aquatic sports have grown abundantly, especially thanks to the contribution of the European movement, which once again demonstrated its level at the recent Tokyo Olympic Games and FINA World SC Championships in Abu Dhabi.

It is with great privilege to be able to host the excellence of aquatic sports in the city of Rome and competition venue Stadio del Nuoto "Foro Italico", which is already well known for the 1960's Olympics, the 1994 and 2009 World Aquatics Championships, and thanks to the Sette Colli International Swimming Trophy that takes place every year and the recent European Junior Swimming Championships 2021.

We intend to highlight the charm of the Eternal City, which has also become the Caput Mundi of sport and water sports in particular, with a video.

The events are scheduled from 11 to 22 August and we have been planned to use three competition venues: the Foro Italico which will host swimming and diving in the Stadio del Nuoto and artistic swimming in a temporary pool inside the Tennis's stadium that every year hosts the Internazionali d'Italia; the Ostia promenade for open water and a surprise venue for the debut of high diving that will combine sport, history, art, culture, and tourism.

We are thankful for the trust that the Ligue Europeenne de Natation family has placed in us and we are excited to be the protagonists of the first "Take your Marks" of the most important sporting event of 2022. We are Aquatics. We are proud. We are born ready.

Andrea Pieri

COVID REGULATIONS

More information regarding COVID-19 guidelines will be published and sent to all federations as soon as new national and international rules will be updated by public authorities. LEN and the Roma 2022 Organizing Committee will work together in order to develop a safe and healthy COVID-19 guideline.

PROCEDURES FOR ACCOMMODATION AND ENTRIES

All Federations will receive via e-mail the credentials to access the online accommodation and logistics website. By entering the dedicated area, you can check the menu where all different “forms” must be completed online within the deadlines:

- ACCOMODATION
- TRANSPORTATION
- ARRIVALS & DEPARTURES

With few clicks, you will be able to:

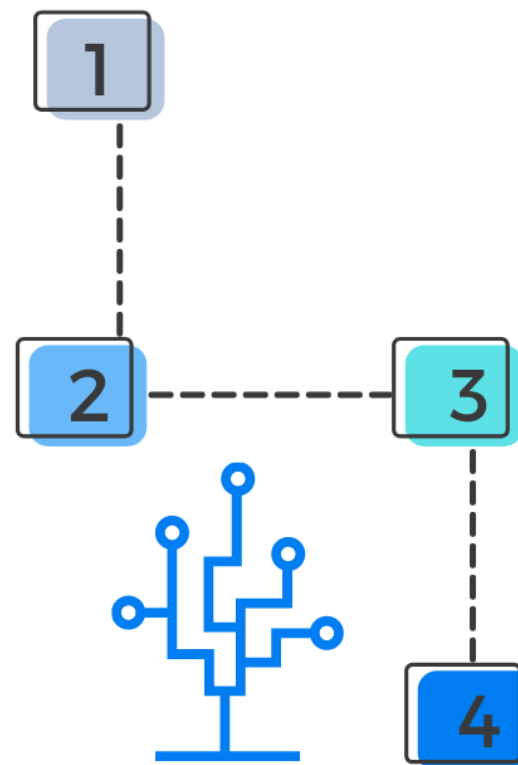

- Book your team’s accommodation;
- Insert data requested, modify them, if necessary, and share them in real time with the LOC;
- Download the reports with the status of reservations / files / administration activities / and more.

All official communications will be sent via e-mail through the online system management service.

For any questions, it will always be possible to contact the Accommodation Team through the dedicated e-mail accommodation@roma2022.eu .

This online system is connected with the Microplus accreditation system.

For accreditation and entries, you will be asked to use the Microplus System as usual.

ACCOMMODATION

All city tax are included in the accommodation prices. All prices are per person per night.
